Check that you have all the necessary attachments to apply for study visa:

- A valid passport
- A certificate of acceptance from a Finnish educational institution
- A clarification on income
- A certificate of health insurance

Note

If there is a tuition fee for your studies but you have not yet paid for it, you must show evidence of sufficient funds to both pay the tuition fee and support yourself.

Make sure that your finances will be sufficient for the entire period of your studies since it is difficult for a student to find work in Finland.
